INSTRUCTIONS:

1. Cut out each of the questions on the following page and laminate them if you'd like to make them last longer.
2. Have your child(ren) pick out a special draw string bag for these questions and have them place them into this bag.
3. After each school day, once the kids are safely strapped into their carseats and settled in, play some relaxing music and have each child pick a laminated card, without looking inside the bag.
4. Ask the child who picked that card the question that is on the card.
5. Repeat with your other children, allowing them to pick a different card, without peeking!
